JUNCTION

OFFICE DONE DIFFERENTLY

Inspired by the neighbourhood

T3 Junction features 275,000 square feet of mass timber office space, combining modern amenities with the Junction Triangle's creative industrial soul.

Designed for the community

A TRANSIT-CONNECTED CULTURAL HOTSPOT

The Junction Triangle is one of the best in the city for transit – and a rising destination for Toronto culture, life, and work.

SUSTAINABLE, AAA BUILDING

These striking timber and steel buildings ooze industrial soul, and embody a modern, renewable future for office design. T3 Junction is designed to replicate the authenticity and aesthetics of a brick and beam building but with the modern and efficient systems of a AAA building.

LOWER COSTS PER EMPLOYEE

Smarter floor plans, higher specs, soaring ceilings, and natural light keep employees productive. Shared amenities keep them happy and healthy. IMIT Grant approved, means operating costs are lower — everyone wins.

A MAGNET FOR TOP TALENT

This connected office hub helps top companies attract and retain the finest minds in the city.

TECHNOLOGY

T3 Junction is Sustainable

PROTECTING OLD GROWTH

T3 Junction's timber structure comes from young trees, which are readily renewable and protect our old-growth forests.

CARBON SEQUESTRATION

An estimated 3,646 metric tons of carbon is stored in the timber structure of this modern office campus.

LESS CO2 PRODUCED

Compared with steel or concrete, T3 Junction's timber construction avoids emitting approximately 1,411 metric tons of carbon dioxide into our atmosphere.

LEED CERTIFIED

T3 Junction is LEED Gold certified, and embodies the highest standards for sustainability and health. From highly efficient power and heating systems to clean building materials to biophilia and natural light, this building is healthy for the planet, and the people who work here.
